Would you like to cut your oil bills in half?

- Sheller Oil's EzPay Plan is the best program for handling today's high fuel prices. You burn most of your fuel in just a few months, but we let you take all year to pay.
- Your EzPay discount is credited to your account on the May statement provided payments are made in a timely manner.
- With our Guaranteed Price Program your price for oil won't budge the entire season, no matter how high the world oil prices go.
- Your bills will be Low, Simple and Predictable.
- No additional fees.

Many of our customers rely on this program. With oil prices so volatile, why don't you give the EzPay Plan a try this year? If you don't like it, you can always change next year.
